Overview

This article gives a summary of the features available on iOS. Using the Zoom Cloud Meetings app on iOS, you can join meetings, chat with contacts, and view a directory of contacts.

This article covers:

- Sign in and Join
- Meet & Chat
- Phone
- Meetings
- Contacts
- Settings
- Permissions Requested By the Zoom Mobile Client

Prerequisites

- Zoom Cloud Meetings app (available on the App Store)

Sign in and Join

Start a Meeting

Start or join a video meeting on the go
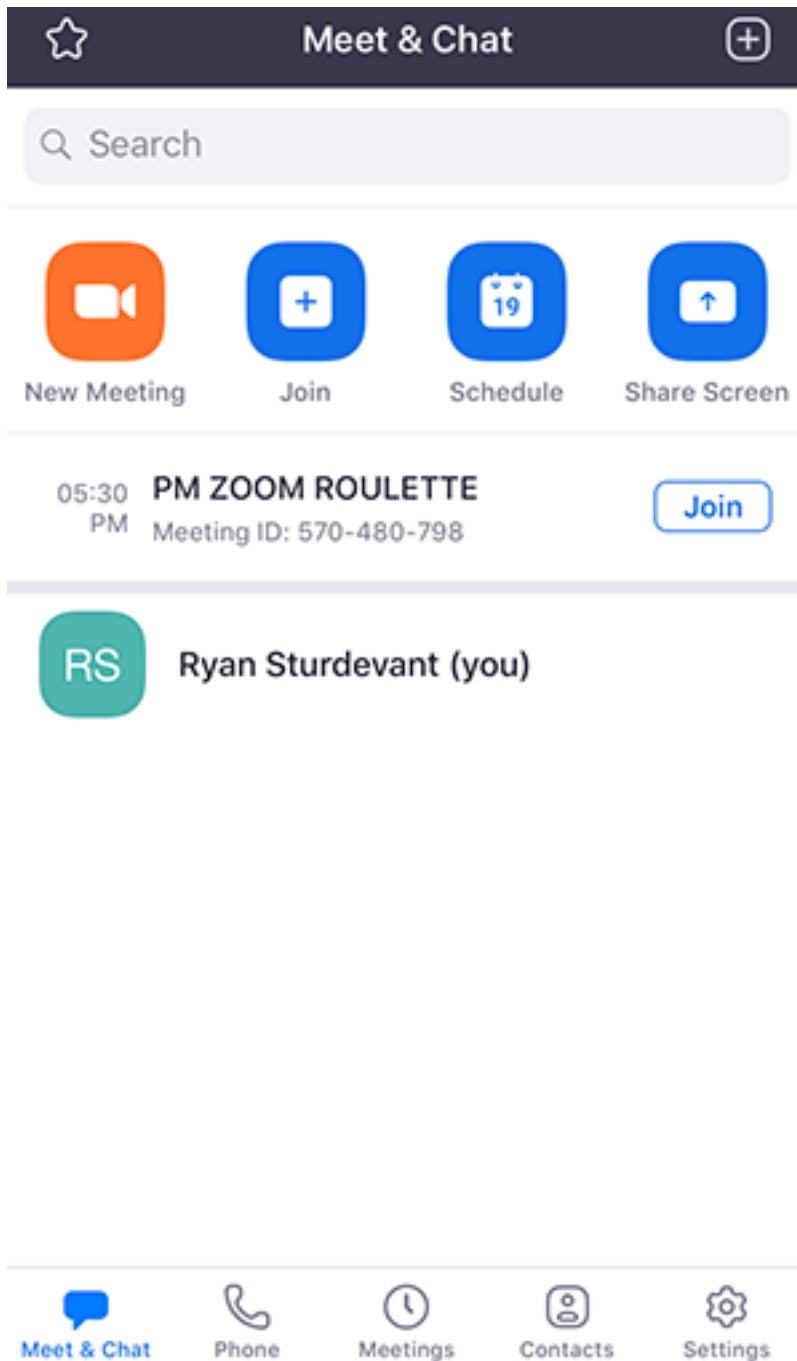

Join a Meeting

Sign Up   **Sign In**

Open the Zoom app and sign in to your account to access all features.

You can also join a meeting without signing in. Tap the gear icon to access basic meeting settings if you join without signing in.

# Meet & Chat

After signing in, tap **Meet & Chat** for these meeting features:

- **New Meeting**: Start an instant meeting using your PMI or a new meeting ID. Learn about in-meeting controls for hosts.
- **Join**: Join a meeting using the meeting ID. Learn about in-meeting controls for attendees.
- **Schedule**: Schedule a one-time or recurring meeting.
- **Share Screen**: Enter a sharing key or meeting ID to share your device screen to a Zoom Room
- Tap your name to use your personal chat space.

You also have access to these chat features:

- Plus icon : Start a one-on-one chat with a contact.
- Star icon : View and start a chat with your starred contacts and channels.

Phone

Tap **Phone** to use Zoom Phone features.

Note: Zoom Phone license required.
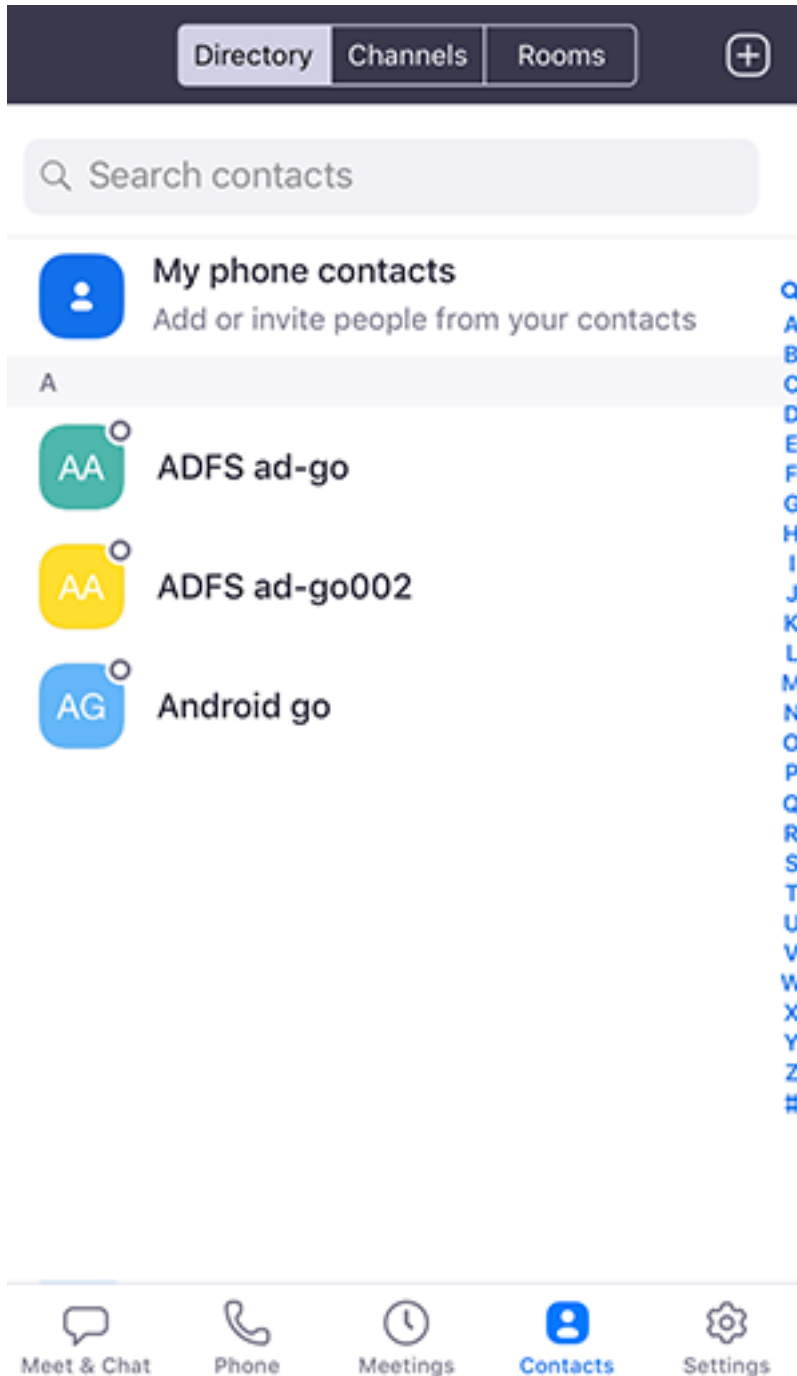

- **Keypad** tab: Call a number or contact using your direct phone number or company number.
- **History** tab: View your call log showing answered, missed, and recorded calls.
- **Voicemail** tab: Play and delete voicemail messages.

Meetings

- **Start**: Start an instant meeting using your PMI or a meeting you have scheduled
- **Send Invitation**: Invite others to your PMI by text message, email or copying the meeting details and pasting them into a calendar invite.
- **Edit**: Change the settings of your PMI
- Tap a scheduled meeting to view, edit, start, join or delete it.

Note: You can only edit, start or delete meetings you are the host of.
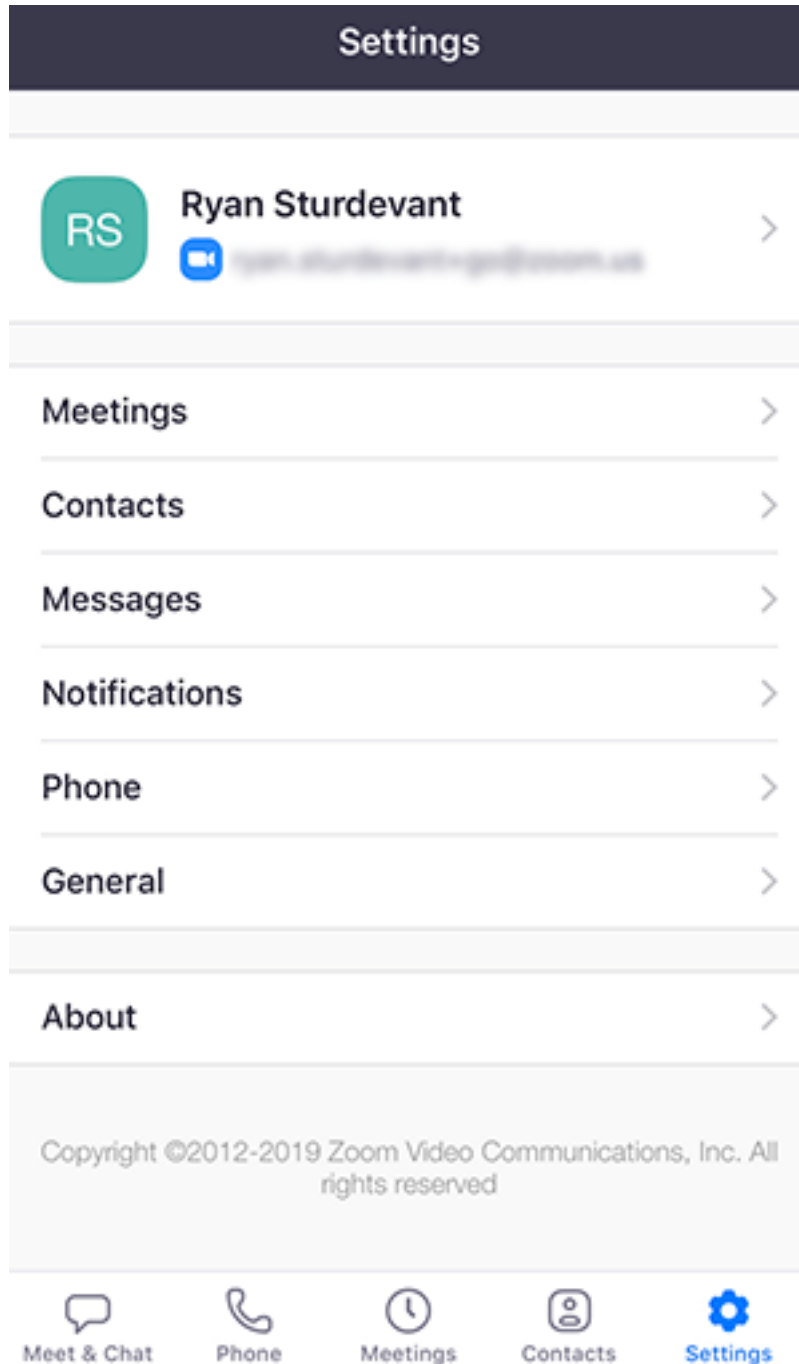

Contacts

Tap **Contacts** to list all your contacts and add new ones.

- **Directory** tab: Tap the contact's to start a one–on–one chat with them.
- **Channels** tab: View a list of starred, public, and private channels.
- **Rooms** tab: View a list of Zoom Rooms. Tap a Zoom Room to start a meeting with it.

- Plus icon ➕: Add a custom contact, join or create a new channel for group messaging, or add an app from Zoom Marketplace.

Settings

Tap **Settings** to view meeting and chat settings.

- Tap your name to change your profile picture, name, and password.
- **Meetings**: Change settings for enabling/disabling your microphone, speaker, or video when you join a meeting.
- **Contacts**: Find phone contacts that are using Zoom, and approve contact requests.
- **Messages**: Enable or disable link preview in chat messages.

- **Notifications**: Change when Zoom notifies you of new messages.
- **Phone** (only visible if you have Zoom Phone): View your direct phone number and company number.
- **General**: Enable/disable integrated calling or blur snapshot on task switcher
- **About**: View the app version and send feedback.

Learn more about Zoom settings.

Permissions Requested By the Zoom Mobile Client

The Zoom Mobile Client may ask you to authorize access to the following permissions via a pop-up, depending on which features you are accessing in Zoom. You can enable these options before-hand or at your overall discretion by going to **Settings** > **Zoom** on your device. The following permissions are requested by Zoom:

- **Location**– Allows Zoom to access your location, so it can generate an Emergency Response Location, for when dialing emergency services from Zoom phone.
- **Contacts** – Utilized for Phone Contact Matching (not available for iPads or iPadOS).
- **Calendars**– Allows Zoom to add a meeting as an event in the Calendar app, when a Zoom meeting is scheduled.
- **Photos**– Allows Zoom the ability to access your local photo albums, for adding images to chat messages, or for screen sharing during a meeting or webinar.
- **Microphone** – Joining using built-in audio devices in a meeting or webinar.
- **Camera** – Sharing your video in a meeting or webinar.
- **Siri & Search** – Enables the ability to add Siri Shortcuts including Join the Next Meeting, View Today's Meetings, Start My Personal Meeting.
- **Notifications**– Allows Zoom the ability to display notifications for chat messages, upcoming meetings, and more.
- **Background App Refresh**– Allows for notifications for Meeting invites when the app is closed and not actively

running.
